Two Injured In Auto Accident On Mission Street

An automobile belonging to Edward Frederick Smith of 12 Surrey street, San Francisco was taken to the B and G garage, 3348 San Jose avenue, following an accident involving Smith and Todd Edward Benjamin Jr. of 7301 Mission street. The accident occurred in front of the Golden Gate Auto court, Tuesday evening, August 14 at 9:03 p. m.

It seems that Smith was going North on Mission street and Benjamin was going South, and turning east into the court when the accident occurred.

Damages were estimated at \$100.

Benjamin escaped injury, but Jimmy Trotter and Mrs. Smith, passengers in the Smith automobile, were treated at Alemany hospital. Trotter suffered a head injury. Following treatment at Alemany hospital he was removed to Marine hospital by Emil Bertelli and John Kapor in the ambulance.

Woodside Road Site Is Considered For Juvenile Home

Fourteen acres located at Valota and Woodside roads, owned by John E. Olson, San Francisco saddle shop proprietor, was another site recommended for the much-discussed juvenile home at the last meeting of the San Mateo County Planning commissioners held Friday, August 17.

This site was one of the three suggested by the commissioners at the request of the supervisors. The proposed site, which is improved with a house, stables, fruit trees, lawns and ranch buildings, is not for sale to the public, Olsen declared, but that he would consider sale to the county "if they want it."

Also re-recommended was the previously suggested site on Old County road, and one near Community hospital.

Preferred choice of one of the three sites was not named by the commissioners.

Application for a permit to erect a rehabilitation home for war veterans on Jefferson avenue, west of Redwood City, was denied by the commissioners to Dr. David R. Sears, resident physician at the Alexander Sanatorium in Belmont.

Richard Suden who appeared for the Highlands District Improvement association, declared that the proposed enterprise would be a violation of the land use laws.

Cancel Orders For Men Over 26

Orders were received by local Draft Board No. 103, last week, to cancel all pre-induction and induction notices for men over 26 years of age.

Next call is scheduled for September 25 at which time 18 men will be inducted.

Stanley Letinski Is Killed by Car Near South City

At approximately 10:45 p. m. Friday, Stanley Letinski, 28, of Colma was struck by a car driven by Arthur D. Graafls, 36, of 539 Beech avenue, San Bruno.

According to Graafls, while he was driving about a quarter-mile south of the Orange avenue intersection in South San Francisco two figures appeared in the path of his car. He swung to the right, but was unable to avoid hitting Letinski with the right rear fender of the car. When Graafls stopped the car he found that Letinski's companion had disappeared. Police are seeking the unidentified companion said to be with Letinski when the fatal accident occurred.

Taken to the South San Francisco hospital following the accident Letinski died six hours later at 7:30 a. m. Saturday morning.

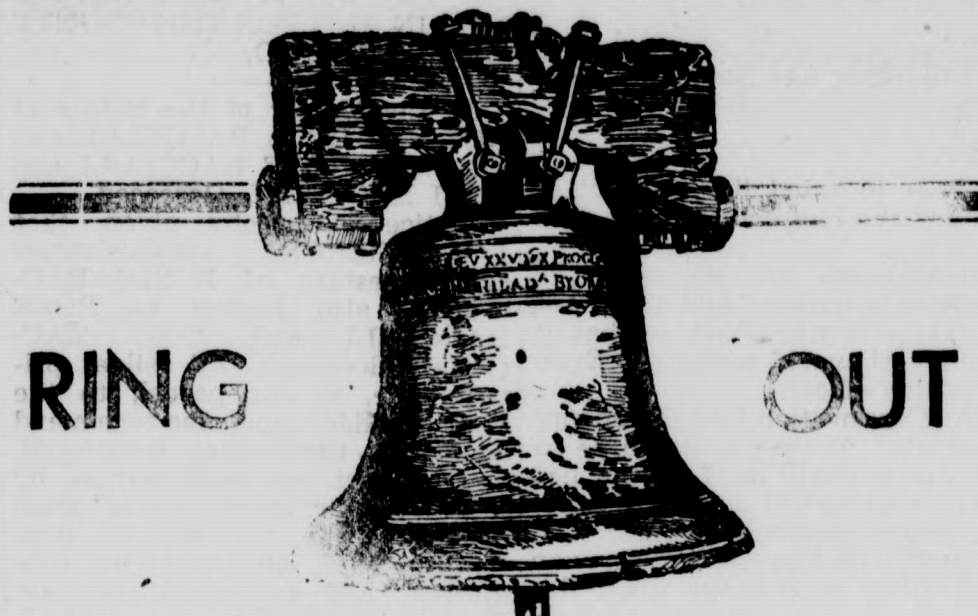

Papers found on the victim gave his address as Route 1, Box 224, Colma. He was wearing an honorable discharge button.

Car On Loose Causes Damage At Santa Barbara Ave.

Parking an automobile unattended without first setting the brakes and stopping the motor thereof can cause a lot of trouble. Failure to do so cost Gordon Seymour, 2911-16th street, San Francisco a tag for violation of Section No. 595 CVC and also damage to the front of his car.

Sergeant Ricco Benedetti responded to a call sent by R. L. Crane's secretary concerning a broken fire hydrant on Thursday, August 16 at 11:40 a. m., and found that a Chevrolet coupe (Seymour's car) parked at Knowles avenue and Mission street had run down Knowles avenue, scraped a house and fence at 301 Santa Barbara avenue and then knocked down a fire hydrant.

The car was held for release at the B and C garage. The owner was given release of his car Friday, August 17 at 9:15 a. m.

FOR VICTORY

Just as in 1776, the bells of Freedom have rung out for a new victory for liberty-loving people everywhere.

It is not enough that we alone be free. We have been fighting so that all people of the world may be equally free.

In liberty there is that which leads to achievement . . . and to a better world.

We have struggled for months so that all mankind may enjoy our freedom and that struggle has resulted in a noble victory.

Now let us work for peace in which there will be:

Freedom to speak
Freedom to worship
Freedom from want
Freedom from fear.

(For additional victory features see pages 4, 5, 6.)

Call Ambulance For Bayshore Man

The South San Francisco police department contacted the local department at 1:32 a. m. Wednesday, August 15 and requested the county ambulance be sent to take Robert Biggerstaff, 401 Oriente street, Bayshore City to the hospital as he had been badly cut.

Emil Bertelli and John Kapor responded, but were told that a neighbor had taken Biggerstaff to the Mission Emergency hospital.

County Recorder Submits Report

County Recorder T. C. Rice recently submitted an account of the month's work of the office of County Recorder of San Mateo county.

For July, 1945, the table shows: papers handled, 3589; papers handled same month, 1944, 2862; fees, \$5,484.25; 1944, \$4,895.95; births, 146; 1944, 133; marriages, 145; 1944, 101; deaths, 75; 1944, 87.

Five Marchbanks Babes Win At Longacres Track

By DARK RONALD

When Santa Anita could not supply John W. Marchbanks, California's noted breeder of thoroughbreds, with stalls, it proved Longacres gain. Trainer Derrill Cannon bundled the youngsters into cars bound for Longacres.

On the velvety track the youngsters developed rapidly into winners. No less than five have thus far broken from the maiden ranks. These are Black Sulphur, Native Prince, Dallas Babe, Jolly Gremlin and Xon. All are sons and daughters of Xenofol, a former New York stake horse, which stands at Heather Farm, Walnut Creek, down Oakland way.

There are better ones in the Marchbanks menage, they readily admit; notably Sally Flirt, a filly, which delayed at the start the other day, made up an amazing amount of ground to be second to her stablemate, Native Prince. Sally can beat any juvenile filly on the coast, in the opinion of Longacres clockers.

"She will prove a lovely contender in California stakes this fall," opines Al Morgan, chief of the Longacres clocking staff.

Owner and proprietor of the Heather stud, and of the Tanforan race track, now dark, Marchbanks has been breeding good horses since 1916. His assemblage of brood mares are served alternately by Xenofol and Soleil du Midi, former of French antecedents and Soleil, Irish, though raced in France and England.

Marchbanks delights in the performances of his youngsters. For their accomplishments he gives trainer Cannon full credit. Cannon formerly trained for Maj. Austin C. Taylor and brought forth Whitchee, Indian Broom and Special Agent. He's a ex-cowboy, rodeo star and one of the best known conditioners on the West Coast.

"Longacres is the best place on the coast to train horses," says Cannon. "They have surprised me agreeably."

Sally Flirt will try for three Hollywood stakes later on, the Lassie, Haggin and Starlet. And, winking slyly, he adds, there are others. Mioland came from this country under similar circumstances.

War Memorial To Be Topic At Special Meeting

August 29, next Wednesday, is the date set for a special meeting at the city hall for delegates from various local organizations to meet and discuss a war memorial building for Daly City. Any local citizen interested in such a memorial may attend the meeting regardless of whether he is a member of an organization or not.

Much has been discussed up to the present time about the memorial project but nothing definite has been done concerning it. The purpose of this meeting is to ascertain just what the majority favor in the way of a building; a suitable location, one of which is already owned by the city—Marchbanks park; and ways and means of procedure for erection of same.

Another very important part to be studied is that of finance, for although the county is to allocate \$75,000 as its share toward Daly City's memorial, so far the supervisors have not adopted a definite plan toward appropriating the money.

Should the city match the county's share in the cost, and with a site already owned by the city, a very substantial structure could be erected—one that would be a credit to our war heroes and Daly City alike.

Anyway, if you are at all interested in this project try to be at the city hall the evening of August 29.

E. J. Foley Spoke At Lions Meeting

Guest speaker at the regular meeting of the Daly City-Colma Lions' club held at Estrada's Spanish kitchen, El Camino Real, Wednesday, August 22 was E. J. Foley of the Social Security office of San Francisco, whose topic was "Old Age and Survivors' Insurance."

C. A. Buck Sues Motor Company

A suit was filed, this week, in the county clerk's office by C. A. Buck, former Burlingame mayor and county supervisor, and now operator of a draying company in Burlingame, against the Valley Motor Lines, Inc., charging them with failure to pay \$8,750 for the purchase of Buck's operative rights as a highway common carrier.

In the complaint filed by Buck he stated that the lines agreed to pay the sum in a written contract drawn up July 27, 1940, and that on February 6, 1945 the State Railroad Commission approved the transfer, to be effected 20 days from that date. He also stated that the lines have refused at all times to pay all or part of the sum agreed.

Victory Was Rather Rough

One of the numerous incidents happening on the night when peace was declared was damage caused to the front door of McGraw's Pharmacy, 6300 Mission street.

Wednesday, August 15 at 9 a. m. while Officer Henry Sundermann was patrolling he noticed the top of the front door of the above establishment had been split, breaking the bolt in same. He notified John McGraw and after investigation found nothing had been taken.

Girl Scout Leaders Will Meet Monday

Mrs. Louise Buttle announced that the next meeting of the Girl Scout Leaders association will be held at the Theta avenue clubhouse, Theta avenue and Mission street, Monday, August 27 at 8 p. m. All leaders are urgently requested to attend.

Released by U. S. War Department, Bureau of Public Relations.

TANK-MOUNTED FLAMETHROWER IN ACTION ON OKINAWA—This spectacular U. S. Signal Corps photo shows American infantrymen in position to attack a Jap fortified bunker. Using jellied gasoline, the flamethrowing tank spread searing fire over and inside the fortification at a safe distance. A CWS flamethrower replaces the 75-mm. cannon on the tank and hurls gallons of the fuel at least 100 yards. It burns at a temperature of 2,000 degrees Fahrenheit. CWS also furnished a periscope flamethrower for tank use.

The Japs Haven't Changed

It would be well for all of us to bear in mind that the act of surrendering to the Allies has not changed the character or the aims of the Japs in any way.

They are still the same sneaky, treacherous lot they were the morning they blasted Pearl Harbor without warning. And there can be no doubt that they hope to survive this present setback so that at some later date they can make another try at world conquest. Even now they are laying the groundwork for this effort.

An official of the Japan Broadcasting Corporation told the enemy troops, "We have lost but this is temporary." It isn't going to be so temporary as the Japs seem to believe, but it could be if we are not alert to further trickery and treachery on the part of our beaten foe.

Emperor Hirohito himself helped the propaganda program by declaring in his speech to the Japanese people that in starting the war in 1941 it "was far from our thought either to infringe upon the sovereignty of other nations or to embark upon territorial aggrandizement."

Of course, no one outside of Japan is going to swallow such a deliberate lie, but the Japs—like the Germans immediately after their defeat—are trying to convince the world that they were fighting only in self-defense. They know that if they can sell this idea to other nations it will help pave the way for the next war of aggression 20, 50 or 100 years from now.

It is up to the Allies, and America in particular, to see to it that the Land of the Rising Sun never again gets the chance to build itself up as a major military power.

Our efforts in this direction will be much more effective if we recognize that we are dealing with the same people whose code of ethics justified, and still justifies, treachery, torture and bestiality.

MacArthur Takes Over

The choice of General MacArthur as Allied supreme commander in handling the Jap surrender and in occupying the enemy homeland was most fitting for a gallant soldier who staged one of the most impressive "comebacks" in military annals.

General MacArthur knows the Japs better than any other American Army leader. His experience with them has not been limited to the past three or four years of war. Just after the turn of the century he went to Japan as a military attaché and observer in the Russo-Japanese War. At that time he got his first opportunity to study the methods of the squat little men who even then had designs for world conquest.

He is well aware of the type of people he is dealing with, and we can expect that he will deal with them firmly but without any attempt merely to gain revenge. He isn't that kind of a man.

The General's new assignment undoubtedly gives him keen satisfaction, however, for it marks the climax of his long struggle against tremendous odds that might have completely broken a less courageous individual.

And there can be no doubt that the appointment of General MacArthur as head of our occupational forces is a particular bitter pill for the Japs. Aside from the atomic bomb he has been their Number One nemesis in this war.

Gas Rationing Ends

"Fill 'er up!" Sweet words that were so long gone. But now they're back in our vocabulary. And now we KNOW the war is over. The open road is ours once again.

The headlines in America's newspapers announcing the end of gas rationing were, in most instances, only slightly smaller than those which heralded the end of hostilities. The prominence thus given to the return of "free" gasoline is not merely an indication of triviality on the part of the public, but is evidence of the importance of automotive transportation in the life of America.

Prior to 1915 gas rationing would have meant little to the Nation as far as transportation was concerned. Even in the early 1920's it would have affected a comparatively small number of persons.

But in the past two decades automotive carriers for both passengers and freight have grown amazingly in number until today our cars and trucks run up far more total mileage than any other type of carrier. And nowhere in America is this more true than right here in California where an automobile is a virtual necessity in covering the "wide open spaces" and where commercial trucks handle twice as much intrastate freight as all other means of transportation combined.

So the end of gasoline rationing is more than a passing item—it's a major event. And it is one of the sweetest fruits of victory.

Railroads Make Appeal For More Skilled Workmen

"Help bring the boys back home. Get a railroad job now."

This was the appeal of the Railroad Manpower Drive for Northern California as the railroads and the various federal agencies braced themselves for the big job confronting the carriers with the ending of the war.

The railroads point out that thousands of tons of material will have to be moved from the areas around San Francisco and other west coast ports to make room for other shipments that ultimately will be returned from overseas.

The troop movement both from the European theater and from the Pacific will also put a capacity load on the roads, it was pointed out.

Added to this will be the movement of California's record harvest this year and the growing volume of freight, generated by the removal of many of California's important food products from point rationing. The output of west coast industries when reconversion is completed will further add to the load of the roads.

'Family Picnic' Slated For Aug. 26 At Portola Park

An old time family picnic featuring a baked ham dinner has been scheduled for Sunday, August 26, at Mangini's New Portola Park under the joint sponsorship of the Catholic Daughters of St. Mary's Court of Daly City, the Catholic Daughters of Junipero Serra Court of San Mateo, and the Knights of Columbus of San Mateo.

The baked ham dinner supplemented by numerous other picnic delicacies will be served from 1 to 5 p. m. for the price of 75c for adults and 35c for children. No admission charge will be made to the grounds. However, as dinner servings will be limited due to the points allotted, those desiring dinner must procure their tickets in advance by contacting Committee Chairmen Ray Greene, John Kenneally, John Loretz, or Joseph Cullen of the Knights, or Mrs. Salisbury of the Daly City Daughters, or Mrs. Stephen Vistica of the San Mateo Daughters, or any member of the three named organizations.

The day's program will start early. There will be races and competitive games for young and old—the girls and the ladies, the boys and the dads. Horseshoes, baseball, softball and contests have been arranged by the committee—also music and dancing in the dance hall on the grounds.

The park is reached from Menlo Park via Santa Cruz avenue. Follow the white line in the pavement to the park entrance. Preparations are being made to accommodate up to 1000 people if that number of reservations are made. The members of the Knights and Daughters organizations are invited to bring their families and their friends for a grand family picnic.

Old Glory Post Will Help Plan Memorial Bldg.

Commander Walter J. Lehigh stated Old Glory Post No. 2044, Veterans of Foreign Wars organization, will give the Daly City Fire department all the assistance possible in their endeavor to interest the people of this city in a fitting memorial for those who have given their all for this country.

The scheduled meeting for the purpose of discussing such a memorial will be held Wednesday evening, August 29 in the Council Chambers at the City hall.

Scouts Thank Local Donators

Scoutmaster Joseph Straughan of Boy Scout Troop No. 141 wishes to thank A. M. Harrison, plumber, 6236 Mission street for the cook stove he donated and C. A. Peterson, 370 San Diego avenue for the large ice box. Both were badly needed at Camp Boy-Joy and are very much appreciated.

Scout Donald Heissenbuttel left Sunday, August 19 for a two weeks vacation to be spent at Oroville, California.

Taxi Driver Hits Sailor In Altercation Concerning Fares

Officer George Savage while driving his own car Tuesday, August 21 at approximately 12:30 a. m. saw a taxi driver known to him as "Blackie" strike a sailor on the head with some sort of weapon. Whereupon he phoned the local police department and reported the incident.

Wallace McConnell, a sailor stationed at Tanforan stated he was standing at the corner of Hillcrest drive and Mission street and when the cab drove up he went over to the driver and inquired about the fare to San Bruno. "Blackie," whose name is Wilford Dowling, told him it would be \$3.50. McConnell assertedly told him it was too much and d cursed him. The cab driver then allegedly hit him on the head causing a bad cut.

While the officer was phoning, George W. MacKown, another sailor, who witnessed the incident, was pressing his handkerchief to McConnell's head to stop the bleeding.

Officer August Benassini took McConnell to the Alemany hospital in the police car and then to San Bruno to be examined for a possible skull fracture.

McConnell did not wish to prefer charges against Dowling, but a warrant is to be issued on charges of disturbing the peace.

Alterations And Remodeling For Nazarene Church

Alterations and remodeling of the Grace Church of the Nazarene have been going on since last week, Reverend D. C. McKisson recently reported. The outside of the building is being painted white and already plans have been completed for erection of a 52' x 22' recreation hall with a 12' ceiling permitting limited types of games. The hall will be improved with a large fireplace and a fully-equipped kitchen.

Addition of classrooms in the main auditorium on the first floor and two or three other classrooms downstairs are also being made.

Completion of the project is estimated in approximately 60 days according to Reverend McKisson.

Following completion, installation of an air conditioning system throughout the building and retinting of the inside are being planned.

UNITED AIR LINES OFFERS JOBS TO WAR VETERANS

If you have just received your honorable discharge or are about to receive it, and are wondering what you are going to do in civilian life, you should consider the many opportunities United Air Lines offer men who are leaving the Armed Forces.

The fact is—your training and experience will help you "go places" in this rapidly growing industry. And there certainly is a future with United... expansion plans for the next five years call for operations three times as great as now.

There is a special need for veterans with technical or mechanical experience. However, if you have office or business training, if you are a cook or baker, there are openings for you, too. United also has opportunities for women who have served in the Armed Forces.

To promote the welfare of its employees, United maintains an unusual program consisting of many benefits, services, and privileges.

Apply at United Air Lines—San Francisco, 421 Powell Street, or San Francisco Airport, Bayshore Blvd. at San Bruno Ave. Write if it is not convenient to call in person.

**VETERANS...here's a
plan you're invited
to use now**

V Bank of America VET-LOAN PLAN

Vet-loan Plan is a workable loan service for veterans.

While it embraces "G.I. Credit," it is not limited to loans that are government-guaranteed. In fact, it can serve a veteran who has already used his G.I. Credit, or who needs money for some purpose (such as working capital) for which government guaranty is not permitted. Further, it can speed up the granting of loans where quick action is important and there's no time to wait for eligibility to be established, or approval of the government guaranty for a loan to be secured.

So before you decide your plans are impossible, let's discuss the matter at the nearest branch of this state-wide bank. Chances are good that a way of financing will be found, with or without the government guaranty, through Vet-loan Plan.

**Your Refrigerator
is a
Wartime Veteran
....and still going
STRONG!**

What a good, old, dependable trooper your mechanical refrigerator has been during these wartime years! It has done a good job for you. It has taken care of several tons of food for you and your family. It has saved you many gallons of gasoline by making frequent shopping trips unnecessary. And it has saved you ration points by keeping food left-overs good for another day and another meal.

If your refrigerator came to work for you before the war (and most home refrigerators are five years old or more) it has been refrigerating food and freezing ice cubes and desserts continuously for tens of thousands of service hours. Your refrigerator really deserves some kind of a wartime award doesn't it?

Why not do this? Keep your refrigerator cleaned up, especially the mechanism. Keep it dust free. Defrost regularly. Make it last through until the day comes when you can buy your new refrigerator and its post-war companion—the Home Freezer.

Sergeant Rolley Writes of Reactions To Victory News . .

The following is a portion of a letter Sergeant William S. Rolley jr., U. S. Army, now stationed in the Mediterranean Theatre of Operations wrote to his wife Lucille, expressing his views and reactions to the news of final

victory.

"I went to the movie and saw 'Salty O'Rourke,' which was a very good film. During the picture they stopped the show to make an announcement. It was an unconfirmed report that the Japanese government had made a peace offer and was ready to surrender.

"Everyone cheered and the show went on. For most of us, the Pacific was a sure thing in the next few weeks. The announcement was hard to believe and no one said much.

"After the movie was over, we all went back to our tents rather

quietly as we were very confused about the whole thing. As it stood then, we had reason to be in a confused state of mind.

"As I said, earlier in this letter, we were all looking forward to a year or more in the Pacific. Now we don't know just where we stand, whether for the better or for the worse. One thing is for sure, and that is, I'll be home a lot sooner than I ever expected. Now I can mark days and weeks off my calendar instead of months and years.

"After retiring at, roughly speaking, 11:30 p. m.: I was just

drifting into peaceful and contented slumber, in fact, another five minutes and I'd have been deep in the arms of Morpheus; all hell broke loose, ie., pistol and rifle shots, machineguns and flares, all started at once.

"Seems there was an announcement stating that the Allied Powers had accepted Japan's peace offer and the war was over. The excitement died down somewhere in the wee hours and I fell into a fitful slumber, dreaming of home and you, my darling.

"I, like thousands of others here in the staging areas, now

wait patiently for the Army's decision as to what to do with us.

"Tonight, I am going to church here in Marseilles and pray to God in Heaven for a quick return to their loved ones of all the boys here, and in the Pacific. Also, join me in thanking God for leading us to final victory over the enemies of Christianity and mankind.

His wife Mrs. W. Rolley and her parents Mr. and Mrs. Harold Shaw, now residing at 1951-6th avenue, were formerly residents at 179 Citrus avenue, Daly City.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Ft. Douglas, Utah—Stationed at this post as a member of the permanent cadre of the Personnel Center is Sgt. Mario J. Marsili whose parents, Mr. and Mrs. Guido Marsili live at 18 Garibaldi street, Daly City. Assigned to the Separation Center as statistical clerk, his duties are to compute data for all Separation Center reports and otherwise assist in rendering prompt service to the thousands of soldiers from widely scattered fronts of the world who are passing through the Personnel Center for discharge.

Before joining the Army in December, 1942, Sgt. Marsili, recently promoted from grade of corporal, was employed as route man for the Peerless Laundry company of San Francisco. His wife, the former Alice H. Uccelli lives at 911 Grand avenue, South San Francisco with their 7 month old son, Paul.

The Personnel Center in which Sgt. Marsili is employed handles the processing of personnel sent here in the course of induction, discharge and redeployment.

Soldiers discharged here are paid in full and counseled in the Separation Center with regard to the problems of readjustment to civil life. Those who are redeployed for operations in the Pacific are given 30 days furlough after Reception Station No. 12 has processed them for their new assignment. The Induction Station provides physical examinations for new recruits and administers the oath of enlistment, after which the Reception Center issues uniforms and equipment and ships them to a basic Training Center.

Bay area veterans scheduled to arrive in the states on the Pierre Soule, Saturday, August 18 included Private First Class Albert J. Ottoboni, son of Mr. Bert Ottoboni of 92nd avenue, Colma.

A veteran of 21 months overseas, Albert has been in the service of the United States Army for 27 months.

Following his basic training at Camp Luis Obispo he was sent overseas and has since traveled in England, Germany, Belgium, Luxembourg, and France.

Pfc. Ottoboni is connected with the 32nd Special service and his duty is to show movies.

He is a graduate of Jefferson Union high and at the time of his induction he was attending business college.

Santa Ana, Calif.—S/Sgt. William W. Freeman, 20, son of Mr. and Mrs. William W. Freeman, 462 Evergreen avenue, Daly City, is currently assigned to the AAF Redistribution Station No. 4 at Santa Ana Army Air base.

S/Sgt. Freeman served with the 15th Air Force as a gunner of a B-17 and has 56 combat hours to his credit. He entered the service on September 9, 1943, and went overseas in June, 29, 1944. He is entitled to wear the Air Medal with two oak leaf clusters, the Unit Citation, the European Theater ribbon with seven battle stars.

At this redistribution station, an operation of the Personal Distribution command, combat returnees of the AAF receive complete medical examinations, classification interviews and reassignment to domestic stations of the Army Air Forces.

George Richard Aponte, 17, son of Mrs. Emma Cevallos of 135 Werner avenue, Daly City, has recently enlisted in the U. S. Marine Corps and is now undergoing recruit training at the Marine Base in San Diego, it was announced by the Marine Recruiting station, 633 Market street, San Francisco.

Sergeant Jack Prescott, son of Mr. and Mrs. A. Prescott, 315 Peoria street, a veteran of 20 months overseas duty in England, Germany, France, and Belgium, has already spent 24 of his 30 day furlough here. He arrived home Monday, July 30.

Sergeant Prescott, who has 77 points to his credit, is a member of the First Allied Airborne Army, 82nd Troop Carrier Squadron, of the 436th Troop Carrier Group.

He first entered the Armed Services in March, 1943, received his basic training at Shephard Field, Texas and from there was stationed at various camps

throughout the country including Louisville, Kentucky; Alliance, Nebraska; Maxton, North Carolina; Fort Wayne, Indiana; Camp Shanks, New York. He left for overseas in January, 1944.

He was awarded the Presidential Unit citation and wears seven Bronze battle stars on his European Theater ribbon for the battles of Rome, Arnold, D-Day Invasion, Southern France, Bastogne, Central Germany, Rhine, and Northern France.

Sergeant Prescott will report back to Camp Beale on expiration of his furlough and from there will be sent to Fort Wayne, Indiana.

A six-day leave, which was extended three more days, was spent here this week by Allen E. Hertel, yeoman 3/c, son of Mr. and Mrs. E. M. Hertel of 119 Winchester street.

At the present time he is stationed at Hunter's Point, but expects to leave for overseas at any time.

Yeoman Hertel has been in Cuba, the South Atlantic and the Panama Canal zone.

combat aircraft service unit here. He transferred into this unit in April, 1944, after training at San Diego.

During the first few months of the unit's life on this island, D'Elia and his shipmates worked in mud, rain, and sporadic Japanese action to get their shops and camp established. Heavy seas, the backwash of a typhoon, delayed scheduled arrival of supplies and parts, so steel beams from a Japanese refinery were used for the first engine repair hangar, and rails from the railroad for engine change stands. Until a pipeline and a regular fill stand were established, gas drums were rolled through surf and mud to trucks.

D'Elia is a graduate of Jefferson High school, Daly City.

Scheduled to arrive on the Marechal Joffre from Europe recently was Private First Class Charles Schmitke, 191 San Diego avenue. Due to arrive on the Newton D. Baker was Sergeant James Ainsworth, 96 Parkview avenue, Daly City.

Following men from Daly City arrived at Camp Beale from overseas: Pfc. George B. Schenone, 31 First avenue; Pfc. John L. Peterson, 7240 Mission street, and Capt. James C. Iverson, 163 Los Olivos avenue.

SAFEWAY Homemakers' Guide

It's a smart idea...

to can all you can now. . . while tender fresh fruits and vegetables are at their peak of goodness. They're naturally fresh at Safeway too, just as they come from the fields . . . and prices are especially low right now, because fruits and vegetables are plentiful.

Things to remember when canning

Here is the very latest information on various canning methods recommended, as well as some simple "do's" and "don't's" to remember

Do—

Be sure to follow manufacturer's instructions regarding jars and jar closures.

Thoroughly sterilize all canning equipment.

Grade produce as to size and ripeness to prevent under or over-cooking.

Be sure the produce is well covered with liquid when it is packed in jars for canning.

Don't—

Re-use self-seal discs or rubber rings.

Prepare large quantities of produce at one time because many fruits discolor upon standing; vegetables and fruits lose flavor and vitamins.

RECOMMENDED CANNING METHODS

Boiling Water Bath—Recommended for canning fruits and tomatoes.

Hot Pack—Prepared fruit is covered with boiling syrup or water and cooked slightly before packing in jars for processing.

Recommended because more adequate sterilization is possible; jar space is economized because fruit can be more tightly packed due to the preshrinking; thus fruit floating is minimized.

Cold Pack—Prepared fruit is packed into hot sterilized jars, covered with boiling syrup or water, and processed.

Less efficient, because adequate sterilization is more difficult, fruit floats because as it cooks it rises to top of jar.

Processing—The filled jars, with lids adjusted, are submerged in hot water in a keep kettle fitted with a rack. The water covers the jars by at least one inch. Count processing time when water begins to boil.

Pressure Cooker—(Be sure to have pressure gauge checked for accuracy.) *This is the only safe method of canning meat, fish, poultry and all vegetables other than tomatoes.* Other methods give inadequate sterilization of these foodstuffs; food poisoning and botulism may develop. To be completely safe, boil home-canned corn and greens **20 minutes**; all other vegetables, except tomatoes, meats, poultry and fish **10 minutes** in an open kettle *before tasting or serving.* Reboil leftovers same length of time before using. Such boiling will destroy botulinus poisoning if it should be present.

Many Changes Are Made In California State Motor Vehicle Laws

Manslaughter resulting from operation of a motor vehicle was made a new crime by the 1945 session of the Legislature through amendment of the manslaughter sections of the Penal Code. The new law, the language of which is very broad, sets up both misdemeanor and felony sections, and under the felony provision, the jury is given the right to recommend whether punishment shall be by imprisonment in the county jail or in the State penitentiary.

An analysis of this new law, together with scores of amendments to the Vehicle Code, approved by Governor Warren is contained in a summary issued by the Legislative Bureau of the California State Automobile association. All measures except those carrying an emergency clause, become effective on September 15.

First offenders, convicted of drunk driving, will have their licenses suspended for a 30-day period, under mandatory provisions amended into the Motor Vehicle Code. A second conviction will carry a suspension for a 90 day period, and thereafter, "proof of ability to respond in damages" will be required before the driving license can be restored. No more probationary licenses will be issued to persons convicted of drunk driving. The law was also amended to increase from ten to 60 days the period during which a driver whose license has been suspended or cancelled for cause may demand a hearing before the Director of the Department of Motor Vehicles.

Use of lamps or signal devices on any vehicle to indicate an intention to turn either to the right or left is permitted through another amendment authorizing the Department of Motor Vehicles to determine the engineering requirements of such a device.

The law limiting the placing of windshield stickers to a seven-inch square on the lower right-hand corner of the windshield was amended so as to permit the placing of stickers also on the side windows to the rear of the driver,

and so placed as not to interfere with the driver's view of approaching traffic, to avoid so many stickers on the front windshield.

Other major amendments summarized by the Automobile Association's Legislative Bureau are as follows:

Authorizes motorist who changes his address to mark out the old address on the face of his registration card, and write in the new address. Notice of change of address must be forwarded to Motor Vehicle Department within ten days however.

Provides for the issuance of junior licenses to persons between the ages of 14 and 16, but restricts operation to the parents' or employer's vehicle to and from school or work unless accompanied by an adult. This measure, now in effect authorizes issuance of instruction permits for driver training and education in the public schools. The affidavit as to necessity for the license is deleted.

Requires driver involved in a fatal accident to report the accident immediately to the police or highway patrol, instead of within 24 hours, as heretofore.

Increases penalty for violation of pedestrian right-of-way at a crosswalk, where injury or death occurs, to a maximum fine of \$500 or six months jail sentence or both. The penalty heretofore has been a maximum fine of \$50, and not exceeding five days in jail. A person causing the death of a pedestrian would also be subject to conviction of manslaughter.

Prohibits the locking of a parked vehicle in which there is a person who cannot escape readily therefrom. This amendment is intended primarily for the protection of young children.

Requires that every traffic arrest citation issued by an officer shall include all the information set forth upon the copy of such citation which is later filed by the officer with the magistrate. Another amendment also requires the trial court, upon receiving a plea of guilty and before passing the sentence, to inform the defendant

KEEPING UP IN ARMS

THE 4.5 MULTIPLE ROCKET LAUNCHER HAS GREATLY AFFECTED THE TECHNIQUE OF GROUND WARFARE. USED ON A FLUID, SHIFTING INFANTRY LINE, THE CALLIOPE IS BROUGHT UP TO SATURATE A POINT ON THE ENEMY LINE WITH OVERWHELMING FIRE. A FEW SECONDS LATER, OUR TROOPS RUSH THROUGH THE SMOKE. VANCE DEPT'S NEWEST ASSAULT IS ONLY SECONDS THE CALLIOPE CAN HURL AS MUCH FIREPOWER AS A BATTERY OF 3 105 HOWITZERS FIRING WITHOUT LET UP FOR 5 MINUTES.

Elkridge Phones Go On Dial Basis Starting Sept. 2

Resumption of a long range program for changing all San Francisco telephones to dial operation was indicated today in the announcement by Lyle M. Brown, division manager of the telephone company, that Elkridge telephones would operate on a dial basis beginning September 2. Approximately 3,600 telephone are involved in the change.

The Elkridge central office dial equipment will be housed in a new building just completed at the northeast corner of Alemany boulevard and Onondaga avenue. Construction of this two-story, steel frame and face brick structure was begun in 1941 but was interrupted by the war. The cost of the entire project, including land, building and dial equipment, will approximate \$887,000, Brown stated.

While the new office contains provision for growth, there will continue to be a delay in providing service for new applicants for telephones in the district due to the shortage of telephone instruments. With the completion of the Elkridge cutover nearly 74 percent of San Francisco's telephones will be of the dial type.

VFW Auxiliary Now In Charge at Club

Services at the Daly City Servicemen's club this week are being handled by Old Glory Auxiliary No. 2044, VFW, with Mrs. Ethel Dorn acting as chairlady.

The auxiliary began their duties on Sunday, August 19 and will continue through Saturday evening, August 25.

SCHOOL DAYS SOON HERE AGAIN

It's just about time to start thinking about school again. Opening date for the local grammar schools and Jefferson Union high is Monday, September 10.

Students of Our Lady of Perpetual Help Parochial school will begin classes on Tuesday, September 4.

Plastic Eyes Provided

Plastic artificial eyes which duplicate the appearance of natural eyes and which are superior to glass eyes, have been developed by the optical industry in the United States for use of wounded veterans, according to the Better Vision Institute. The iris, pupil and veins of the sound eye are matched in pattern and coloration by the artificial eye. The eyeball is built up layer by layer of plastic so as to obtain a natural effect.

Certified Seed Crop

The largest producers of certified seed potatoes are North Dakota, Minnesota and Maine. These states grow about 70 per cent of the certified seed crop.

fully of any additional evidence which would increase the severity of the punishment and to give the defendant the opportunity to answer.

'Suds In Your Eye' Now Playing At Curran Theatre

The biggest theatrical success in many years is now at the Curran theatre, San Francisco. This is the stage version of Mary Laswell's hilarious best selling book "Suds in Your Eye" that has kept the nation rocking with laughter for two years.

With the opening last Sunday night the crowds have been enormous and owing to congested bookings the run will have to end on Saturday night, September 1.

"Suds in Your Eye" tells the story of three old ladies who live in a waterfront junk yard at San Diego and with humorous trials and tribulations, including several brushes with the law because of their behavior, they do play Cupid and marry off Mrs. Feeley's sailor boy nephew to a nice school teacher.

The play comes direct from the Pasadena playhouse where it broke all records and the production has been directed by Gilmor Brown, head of the famous Pasadena institution. The cast is headed by June Evans as Mrs. Feeley, Maudie Prickett as Miss Tinkham and Irene Seidner as Mrs. Rasmussen. Two movie starlets are in the cast — Jan Erhard and Georgia Skinner and the sailor is played by handsome Wallace Pindell. An 11 year old Chinese boy actor, Billy Tan, from Batavia, Dutch East Indies has a leading role.

The matinees at the Curran are on Saturday and Sunday. Now that gas rationing is off, crowds will come from the country and ample parking is available near the theatre.

Expert Tips on Slip Cover Laundering

By BETTY BARCLAY

Bright sunshine has a way of making time-worn slip covers look depressingly dingy. But you'll find it's easy to give them a fresh new look and a satiny, dirt-resisting finish if you'll follow expert laundry technique. It's a good idea to choose a clear, dry day for your job of refurbishing, as the slip covers will dry more quickly.

Dissolve Bluing Flakes in Suds

First, shake and brush the slip covers to remove surface dirt. If there are any specially soiled parts, rub with thick soapsuds and a soft brush. Dissolve bluing flakes in hot water with your regular soap when you prepare the wash water, and build up a strong two to three inch suds. Then add cool water until your soapy bath is lukewarm.

The use of bluing flakes in the suds insures colors that look bright and gay and makes white backgrounds gleam. This technique also does away with the need of a separate bluing job and avoids the danger of spots and streaks. Rinse in two clear waters. You can do the washing in the machine or a tub; the method of bluing in the suds is the same.

Add Wax-Like Product to Starch

Slip covers should be lightly starched. To achieve a satiny finish that helps to shed dust and makes the slip covers stay clean longer, dissolve a quarter of a cake of a specially prepared wax-like product in each quart of

starch. This expert technique of adding the wax-like product to the starch makes the slip covers easier to iron, too, because the iron doesn't stick. For the medium starch usually needed for slip covers, make basic starch according to directions on package, using four tablespoons of starch to one quart of water. For medium starch, add one to two parts of lukewarm water to this basic starch.

Always divide starch mixture so that all pieces get equal stiffening. Squeeze and press starch through fabric and then wring out gently.

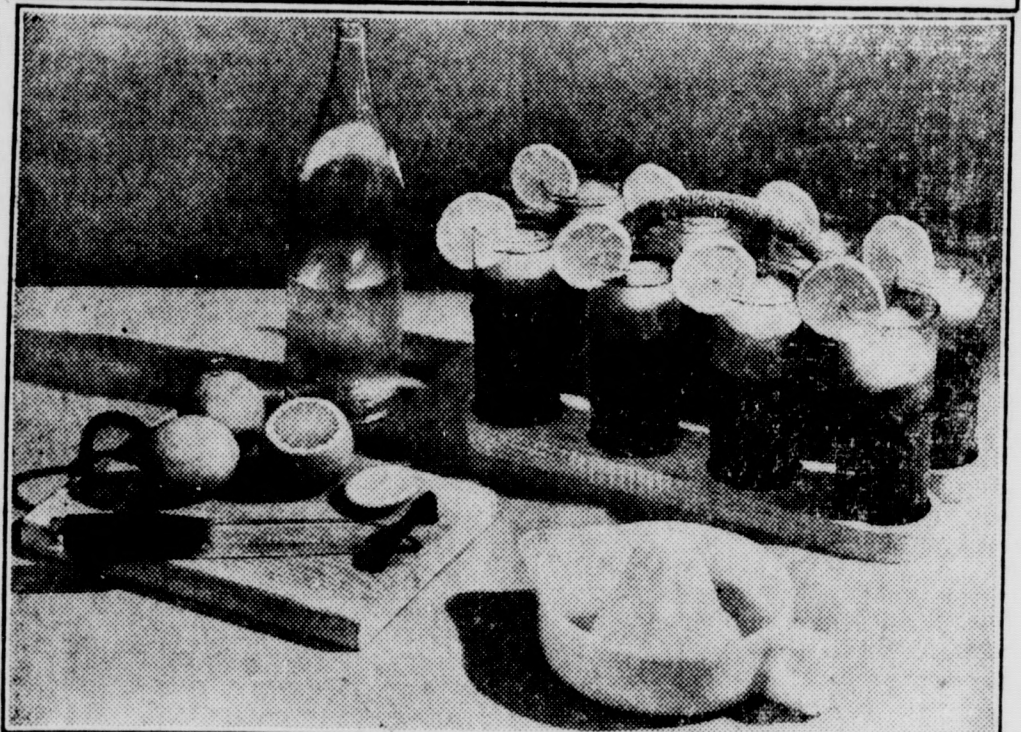

Dry On Two Lines

Dry the slip covers in the shade so that the sun won't fade the colors. If possible hang them on parallel lines to hasten drying and prevent sagging. Pull gently along piping and adjust pleats as the covers dry.

Iron corded seams first. Then double the material away from the cords and iron seams lengthwise. Next iron the flounces, then the seat, back and arms. Iron on the wrong side first and finish on the right side.

If your slip covers have gathered flounces, iron straight edges first, then work the point of the iron gently in between the gathers. If the flounces are pleated lay the pleats carefully and press in place. You can be sure they will stay if you fasten them on the wrong side with little strips of adhesive tape.

Sparkle Up Your Day With Orange and Lemon Drinks

By BETTY BARCLAY

As thermometers go up, cold and frosty drinks start going down. Into the kitchen come the family hunting for something cold to drink. Hurrah! there are oranges in the refrigerator — a couple of dozen of those small-sized California Valencia oranges your fruit man is offering in big-quantity lots — all chilled and ready to ream for frosty glasses of juice.

And yes! there's a jar of sweetened lemon juice to make instant lemonade. What's this? a bottle of charged water for some fizzy variations of these fruit beverages. Looks like we're set to cheat the weather man after all. Here's "how" to put two and two together with these "makings" and come out cool on a hot day.

Reaming Whole Oranges Saves Time

Let's start with that pile of oranges. They are small but sweet and juicy. Here's a trick to know. Save yourself time by just slicing off the stem end — instead of cutting orange in halves — and ream juice in one operation.

Of course, you know orange juice isn't good if it stands. It loses flavor. So serve this drink at once, and catch every bit of its flavor and vitamins.

Orange - Lemon - Ade

Long and tall and cool is this one: Juice of 1 small orange
Juice of 1/2 lemon
Sugar, honey or corn syrup to taste
Water and ice to fill a tall glass
A slice of orange or lemon to garnish glass

Pep up this drink by making it with carbonated water and you have something indeed.

Orange Cream

2 cups chilled orange juice
1 pint vanilla ice cream or orange sherbet
1 pint bottle chilled charged water
Beat orange juice and ice cream or sherbet together until blended. Add charged water. Serve at once. Garnish with slices of unpeeled orange. Serves 6. This is the kind of thirst-quencher you can give the children and know that they are getting big-value nutrition.

Ready-to-Mix Lemonade

For lemonade at a minute's notice, use this "ready-to-mix," sweetened lemon juice, made by combining:

2 cups lemon juice
1 cup sugar, honey or corn syrup — use more or less to taste
4 teaspoons grated lemon peel

Stir to dissolve the sugar or other sweetener. Put in a covered glass jar or other container (not metal) and store in refrigerator. The lemon juice will keep for several days and will make 8 to 10 glasses of lemonade.

In making lemonade, allow 1/4 cup of the sweetened lemon juice for each person to be served. Add water or water and ice to fill a large glass. A bottle of chilled water may be kept beside the lemon-sugar mixture ready for use with it. Or keep a bottle of charged water there and give your lemonade a bit of sparkle by making with all or part of this fizzy water.

Peppermint Lemonade for the Children

Sweeten lemon juice with peppermint candies. This saves sugar and the children will enjoy it.

Vacation News Of Local Residents

Who's who, and what's doing around Daly City? Information has it that Miss Lee Bingman, of 137 Hillcrest drive, secretary of R. L. Crane jr., superintendent of the Jefferson Elementary School district, enjoyed a restful vacation at home from August 6 to 18 inclusive.

Mrs. Grace Coolish, 218 Miriam street, entertained friends Tuesday evening, August 21 at her home. The following friends enjoyed games and refreshments: Mrs. Agnes Wood, Mrs. Elizabeth Sorensen, Mrs. Clarise Scott, Mrs. Dorothy Williams, Mrs. Grace Coolish, and Ronald Coolish.

Mrs. Emilie Twisten, formerly of 306A Knowles avenue, Daly City and who now resides at 653 Canyon road, Redwood City, entertained Mrs. Agnes Wood, Mrs. Elizabeth Sorensen, Mrs. Clarise Scott, Mrs. Dorothy Williams, and Mrs. Grace Coolish at a luncheon on Wednesday, August 22 at 12:30.

Vacationists this week include Mrs. Gertrude Gehringer, proprietor of Gehringer Beauty Shop, 6396 Mission street, who left Monday morning for Chicago. While there she will stay with her sister and brother-in-law Mr. and Mrs. George Eade, well-known to many Daly City people, as George was formerly proprietor of the meat department in Sardelli and Raffo's store on Mission street.

She will then leave Chicago for Fort Worth, Texas and Springfield, Missouri to visit two other sisters.

Mrs. Louise T. Cook, of 6279 Mission street, clerk at the Daly City Water department, left Thursday, August 23 for Chicago where she will join Mrs. Gehringer. Both had planned to leave together, but due to the death of Mrs. Cook's nephew plans were changed.

On the return trip Mrs. Cook and Mrs. Gehringer will meet in Albuquerque, New Mexico and then continue to Los Angeles and finally back to good old Daly City!

R. L. Crane jr., superintendent of Jefferson Elementary School district left Friday, August 17 for Camp Meeker in Sonoma county for a few days vacation and returned Tuesday, August 21.

Several Injured In Auto And Street Car Collision

Virgil Crawford 60 Elgin park, San Francisco, driving a 1935 Chrysler sedan north on Mission street collided with a street car which had stopped to take on passengers, approximately 80 feet south of Evergreen avenue on Mission street.

The accident occurred at 12:03 a. m., Thursday, August 23. Betty Hamilton, 3516 26th street, San Francisco; Fred Poli, a soldier stationed at Fort Ord; Francis Carter, 2692 79th avenue, Oakland; Willa Wilson, 3516 26th street, San Francisco; La Verne Bloss, Armed Guard Center, San Francisco all passengers in the car as well as the driver of the car were taken to the Alemany Emergency hospital in the Daly City and Alemany hospital ambulances.

Lieutenant George McPherson, U. S. Medical Corps, who resides at 247 Frankfort street rendered what aid he could under the circumstances.

FACES CHARGE OF MANSLAUGHTER

Frank A. Cavallero, 44, of San Francisco, who is charged with manslaughter following the fatal accident on Bayshore highway involving Veteran California Highway Patrol Officer James B. Dalziel and Cavallero, in which the former was killed, was held to answer to the San Mateo County Superior Court, last week, by First Township Justice of the Peace R. A. Rapsey.

The accident occurred in the early morning of June 30 as Dalziel was returning to his San Mateo home from his patrol on the San Francisco-Oakland Bay bridge. He was almost instantly killed when his motorcycle was hit by Cavallero's car as Cavallero also going south, started to make a U-turn, the California Highway patrol stated.

The complaint against Cavallero, was signed by John Couch, California Highway Patrol officer, and filed by Deputy District Attorney Fred C. Wyckoff.

Robin Hood Circle

Carried along by a spirit of patriotism the members of Robin Hood Circle No. 58, Companions of the Forest of America, subscribed to \$6,131.25 worth of war bonds and in recognition of this successful drive, two field ambulances, one heavy and one light which will be used for the armed forces, will bear the inscribed name of Robin Hood Circle No. 58 C. of F. of A., on their doors.

Recording secretary, Mrs. Lillian Rives, who is also a past grand officer of the State of California and who had charge of this drive, informed the members that the amount subscribed to by them not only afforded the purchase of these two ambulances but left a

balance of \$800 which will be used for the purchase of surgical instruments.

Will Leave For One-week Vacation

Mr. and Mrs. Harry Jackson, 103 Irvington street, will leave Saturday, August 25 for a weeks vacation at Rio Nido on the Russian river.

They will be accompanied by Mrs. Alice Ulrich, mother of Mrs. Jackson and Mr. and Mrs. Steve Vigna, 487 Templeton avenue, sister and brother-in-law of Mrs. Jackson.

Viola Pisani and Robert Bybee Are Wed in S. F. Church

Following nine months duty in the European Theatre of War, Technical Sergeant Robert Bybee, U. S. Army Air Corps, returned recently to bestow his name on Viola Pisani. The Reverend John A. Collins officiated at the double ring ceremony performed at St. Peter's Episcopal church, 29th avenue and Clement street, San Francisco, Saturday, August 11 at 7 p. m.

The bride, given in marriage by her uncle, James Aveni, wore the traditional white satin gown, made with a sweetheart neckline and long train. Her finger tip veil was held with a beaded crown and she carried a bouquet of gardenias with bouvardia and two large orchids in the center.

Maid of honor was Miss Lillian Preziosi who was gowned in pink chiffon and carried an old fashioned bouquet. Bridesmaids were Mrs. Ethel Smith and Mrs. Dorothy Squadrito who were frocked in blue taffeta and also carried old fashioned bouquets.

Vern Bybee, U. S. Coast Guard was best man and the ushers were Staff Sergeant Jim Briggs, U. S. Army Air Corps and William Weiler.

"I Love You Truly" and "Because" were selected by solo vocalist Mrs. Frieda Walker.

A reception was held at the home of the bride's mother following the ceremony, after which the couple left for a weeks honeymoon at Lake Tahoe.

The bride is the daughter of Mrs. Rose Pisani, 851 Brunswick street and the groom is the son of Mr. and Mrs. Lester Bybee, of Brisbane.

They are both graduates of Jefferson Union High school.

The groom's 30 day furlough having expired, he left Tuesday, August 21 to report to Santa Ana redistribution center.
